4. As most members will be aware our cabins on field in Wigan Lane have been broken into and most of the equipment has been stolen. The equipment was marked CBM, if anyone sees or is offered anything with this marking please let a member of the committee know as soon as possible with any further information they might have.

Our next outdoor season will be held again in Wigan Lane, the work for our future new outdoor venue starts next year and hopefully should be completed for the year after.

The Tennis & Fitness Centre will continue to be our indoor venue for the foreseeable future, the room was checked on Friday (26th) and was given the go-ahead for Record Status shoots.
